# Lost! Hidden! Suppressed!

## The Outlawed Scriptures Barred from the Bible Can No Longer Be Denied You!

Centuries of silence are broken! Out of the cradles of mankind—Mesopotamia, Syria, Egypt—have come the ancient writings, so long hidden away, to be offered you at last in this remarkable book.

## Here They Are—46 Ancient Manuscripts

Faithfully Reproduced and of Sensational Interest  
All Complete in One Beautiful Volume

Many of the most extraordinary and enlightening epistles and gospels were rejected when the Bible was compiled—were hidden away so that access to them was confined to theologians and high authorities. WHY? That these rejected scriptures were too sensational, too miraculous, too intimate and personal, is not enough to condemn them. Jealousy, fear, dissension, politics, arbitrary edicts, have played their part in depriving the layman of much of the first-hand records of the founding of Christianity and the detailed story of Adam and Eve. But you may have them now in this wonderful new work—

# THE LOST BOOKS OF THE BIBLE

Including "THE FORGOTTEN BOOKS OF EDEN"

The nature of the Apocryphal Scriptures, as well as the reasons for their rejection by the early Church authorities who compiled the Bible, have been among the greatest mysteries of the Christian era. Every Bible student is entitled to know these rejected records for they contain many astounding revelations and throw a great light upon both Old and New Testaments. You may have them now in this wonderful new work.

## Every Thoughtful Person Has the Right to Know The Outlawed Scriptures in Their Original Form

The story of the preservation and discovery of these writings is part of the superb romance of this collection. At the head of each book there is an account of the history and source of the writing, making special references regarding disputes as to authorship, claims as to its having once been canonical, and what the authorities have to say about its value. Also complete notes giving cross-references so that you can compare what is said here with the authorized version. There is a valuable list of all Apocryphal fragments now extant, mentioned by writers in the first four centuries of Christ, with the works in which they are cited.

Over 600 pages, profusely illustrated, bound in handsome black, morocco-grained fabrikoid with rounded corners, gilt edges, gold stamping.

### —the Original Story of Adam and Eve

Written thousands of years ago, it presents a fascinating picture of the primitive emotions, amazing experiences, strange temptations of our first ancestors.

### —the Story of Joseph and Potiphar's Wife

told in Joseph's own words—the story of a life filled with the unchanging passions of human nature.

### —the Girlhood and Betrothal of the Virgin Mary

An utterly new portrayal of the personality of Mary about whom the authorized Bible tells so little.

### —the Original Story of the Riddles of Egypt

as presented in the narrative of Ahikar in an Aramaic papyrus discovered in the ruins of Elephantine.

### —the Boyhood of Jesus

His school days, pastimes, and playmates, revealing some startling legends ignored in the Bible. Also many unknown miracles and contemporary opinions.

### —the Jews' Release from Captivity

in a new version—the story of the Pharaoh Ptolemy Philadelphus who traded 100,000 Jewish slaves for a single book.

### —the Divorce Question

as discussed by Hermas and the account of what he saw in a vision.

### —Letters of Pilate to Herod

giving his version of the Crucifixion, and a personal letter written by Herod on his deathbed urging Pilate to believe in Christ.

### —the Story of the Virgin Thecla

told in detail and recording her extraordinary experiences, miraculous escapes, and martyrdom.

### —the First Jekyll and Hyde Story

as told in the Book of Asher, written 2000 years ago and explaining dual personality.

This is only a brief suggestion of a few of the hundreds of astounding revelations contained in the rejected chapters of the Bible now offered you in this fascinating new volume.

Dr. F. T. Miller: "This is one of the most important recoveries of modern times. The first records of Human Thought, secreted and suppressed for thousands of years, are here given to the world-at-large for the first time."

Dr. Frank Crane: "The publication of this book will do good because it takes away the veil of secrecy that has hidden for many years the act of the church in accepting certain Scriptures and rejecting others."

### "IN THESE VOLUMES LINCOLN LIVES AGAIN," says CHARLES EVANS HUGHES,

"We see him in the perspective of his own day, and his problems, his struggles, and his contemporaries are so clearly presented that the reader has a sense of a new and invigorating intimacy."

"This fighting section of Lincoln's career has never been written with more intelligence and more illuminatingly."

WILLIAM ALLEN WHITE.

"What an interesting and exciting evening your two volumes on Abraham Lincoln gave me!"

IDA M. TARBELL.

## ABRAHAM LINCOLN

By ALBERT SHAW

2 VOLUMES

HERE'S a Lincoln you've never known. Here, in striking picture and absorbing narrative, is the lank, homely lawyer who suffered the most biting ridicule, who was the butt of a thousand cartoon jokes.

Now, in this new work, you may see the struggling politician. The greatest men in this country's history are brought to life for you—not only by 500 contemporary cartoons and other illustrations, but also by a clear and vibrant text. "Almost all, if not all, of the American giants of those times stalk through the cartoons which crowd Dr. Shaw's two volumes."—*The New York Sun*. "The text is a careful, impartial and well-written history."—*The New York Times*.
